

Funding Application Template

Agency Name: _____

Agency Contact: _____ Email: _____

Project Name: _____

Funding requests should follow the format below and address applicable sections as described. Capital requests do not need to respond to sections 4, 5, and 6. Please contact us with any questions at agencyrelations@stltd.org.

1. Impact

Impact should address:

- a) How the individual/participant and/or their support system will be impacted as a result of receiving this service.
- b) The long-term change and ultimate desired result of the project which can be directly attributed to the project's outcomes. Include any data and/or evidence that demonstrates the need for this service.

The project's impact statement should articulate the significance of the work and describe how the project makes a difference. The program's impact should be a higher-level overview and should not be duplicative of "Program Design."

Maximum characters: 1,300 (this is approximately 250-300 words).

2. Program Design

Program Design should describe:

- a) How the service is structured and provided. Include items such as: activities, interventions, inclusive, individual-focused, curriculum-based, experiential, or focused on specific learning styles.
- b) Any specific staff qualifications required to provide this service.
- c) Projects supported by a partnership/collaboration between multiple organizations should include details of the arrangement (is there a written agreement between the organizations?)
- d) Capital requests for improvement of physical environments that enhance independent living options, increase safe, affordable, and accessible housing options, and increase access to a program's facility, and/or an individual's community, should include details of the work needed to achieve the intended outcome.

Maximum characters: 3,000 (this is approximately 500 words).

Select the type of contact that will be used to provide the service:

Virtual Contact Only

Face-to-Face/In-Person Contact Only

Combination of Virtual and Face-to-Face Contact

Definition of Virtual Supports include contact made by phone, FaceTime, Zoom, and other technology that provides a service to the participant. Virtual supports do not include phone calls to schedule meetings or have brief conversation.

3. Target Population

Target Population should describe the individual/participant who will be included in this service. Include information such as age, diagnosis, eligibility criteria and other characteristics of those who utilize the service.

Maximum characters: 3,000 (this is approximately 500 words).

4. Intensity/Duration

Describe when the service will occur.

Define how the service is provided.
